Book: The *Harry Potter* series

Music: All genres, it just depends on her mood

Restaurant: Anywhere with good breakfast

Dessert: Brownies

ABOUT MS. CORNETT

Ms. Weinner is in her first year here at Cole Academy where she is the sporty P.E. teacher. One thing she loves about Cole Academy is how small it is. She is able to get to know all of the students and people she works with in the school because it's pretty small compared to other schools she has worked at. If she didn't work at Cole Academy, Ms. Weinner said she would either be a teacher at a different school or fulfill her childhood dream of being a firefighter.

Her favorite subject is math because she loves solving problems! She even used to do math problems in college when she would get stressed out.

Ms. Weinner has two siblings who are both older. Her brother is Carl and her sister is Rebecca. She is also close with her sister-in-law, Lauren.

Although she has no kids or pets, she wants to rescue a dog one day!

Ms. Weinner grew up in Lansing and went to school in Holt, Michigan before she moved to North Carolina for college.

She was born on May 24th, but she didn't know her zodiac sign. We helped her figure out she is a Gemini.

MORE INTERESTING INFO!

When Ms. Weinner is not at school, she loves to be outside! When she's outside, she really likes to ride her bike and go camping. She also likes to spend time with her nieces and nephews.

If she could eat lunch with any famous person, it would be Simone Biles because she is so inspiring!

If there was a school talent show, Ms. Weinner would be behind the scenes working the lights or the sound. Otherwise, she might do a skit because she used to like acting when she was younger.
